

**Reception Class  
Spring One 2018  
Topic Web**

ONCE  
upon  
a  
TIME

**PE**

We will be moving our bodies to improve our balance, coordination and sense of space.

**WOW**

We will be having a special story telling workshop in school this half term!

**READING FOCUS**

The children will practise recognising letters and linking these to sounds to help them sound out and blend words together. They will also be learning the following diagraphs: ch, sh, th, ng, ai, ee, oo, oa, ar, ur, ow.

**NUMERACY FOCUS**

We will be using the story of Goldilocks to help us learn about capacity. We will also practise adding and subtracting different groups of objects. This term we will use our mathematical knowledge of position and direction to help us follow a map of the woods.

**RE**

The children will be finding out about God's Wonderful World. They will be learning about the Creation story from the Bible. They will think about parts of creation that are special to them and how they can take care of them.

**WRITING FOCUS**

The children will continue to practise writing recognisable letters to show the sounds that they hear in words. They will begin to put these words together to form captions and simple sentences. We will also be learning about story language and will be including it in our writing.
