

1. Eruption

Use different materials to make your own volcano. Can you get it to erupt? Take photos.

2. Colour and shade

Create a piece of art that represents a type of natural disaster (volcanic eruption, drought, hurricane). Think about how to use colour and different shades to show this.

3. Cyclone in a bottle.

Create your own cyclone in a bottle. Write an instruction sheet on how to do this.

4. Make it up.

Write a short story where a natural disaster occurs. Your story must have: characters, plot, a natural disaster.

12. Poem

Write a poem which captures the feelings of a natural disaster (emotions, acrostic, rhyming).

Year 4 Topic Homework Wild Wonders Spring 1

5. Weather Report

Write a script for and perform a weather report. Create your own symbols and ask someone at home to record you. Send the recording to me via email.

11. Extreme Weather

How are different weather types created? Research and present your findings in a way of your choice.

6. Report

Create a poster to show and explain the different types of natural disaster that occur. Where in the world did they happen?

10. Headlines

Research 4 different natural disasters. Create headlines for each one.

9. Global Warming

What is global warming? Who does it affect and how? What are the causes of it? Create a poster.

8. Noah's Ark

Look at this story. Do you think this was a natural disaster? Create a poster/fact sheet to explain your answer.

7. 1987

Research and present your finding of the 1987 storm that hit the UK.

Please pick one activity to complete and hand in each week. Homework is due back every Wednesday.
